

# RUSTVASK ZI-1

## PRODUCT INFO:

Rustvask is a moderate foaming, strong acid wash for removal of rust, scale deposits, soot and more. Effectively removes grinding dust, organic and inorganic pollutions. Rustvask is also effective for cleaning and degreasing in places which require acid wash.

## SCOPE:

Vessels, food- and engineering industries.  
 Cleaning of painted surfaces, stainless steel and acid-resistant enamel.  
 Aluminum requires a limited contact time. Do not use on zinc and magnesium.

## MIXING RATIO:

Removal of surface rust: 10-20%  
 Normal rusting: 20-50%  
 Heavy rusting: 50-70%

Rinse thoroughly with clean water.

## TECHNICAL DATA:

<b>Colour:</b>	Transparent
<b>Form:</b>	Liquid
<b>Minimum processing temperatur:</b>	+5°C
<b>Maximum processing temperatur:</b>	+80°C
<b>Flashpoint PMCC in °C:</b>	not applicable
<b>Concentration analysis:</b>	not applicable
